

Arjun Verma

FRONT END WEB DEVELOPER

Introduction

I'm an aspiring Front-End Developer with a strong command of JavaScript, React, CSS, and HTML. My passion for creating intuitive and dynamic user experiences drives me to constantly hone my skills and stay updated with the latest web technologies. I am committed to delivering high-quality code and believe in the power of collaborative teamwork for successful project outcomes. Additionally, my excellent communication skills and eagerness to learn new technologies make me a valuable asset to any team.

Employment History

Business Development Manager, Even Healthcare, India ,Karnataka, Bengaluru

APRIL 2023 – SEPTEMBER 2023

- 1. Client Satisfaction:** Maintained a client satisfaction rate of **75%** through effective communication, problem-solving, and delivering on promises.
- 2. Cross-functional Collaboration:** Collaborated with cross-functional teams, including marketing, product development, and customer support, to ensure seamless execution of business strategies.
- 3. Negotiation and Contract Management:** Successfully negotiated contracts and agreements with clients, ensuring favorable terms and compliance with company policies.

Sr. Product Compliance Associate, Amazon, India ,Karnataka, Bengaluru

JULY 2021 – MARCH 2023

- 1. Created Protocols** to make the ML process more efficient. In-depth understanding of data flow programming.
- 2. Converged multiple ML models** to recognize specific data types to produce relevant output. Coordinated team members' efforts and managed to reduce resource wastage caused by waiting and overproduction.
- 3. Streamlined workplace query process** by establishing SOP and created a System for query management, that allowed everyone involved to be on the same page regarding final decisions and queries.
